

DEFINING SUCCESS

What do we want to achieve with the Spring Branch Plan?

Spring Branch ISD believes that a great school system:

- ★ builds on the strengths and gifts of each child,
- ★ provides students from poverty the same opportunities for success after high school as students from non-poverty homes,
- ★ instills in every student the belief that they can achieve more than they think possible, and
- ★ assures that every adult in the system is committed to the successful completion of some form of higher education for every child.

By 2017, SBISD will **double** the number of students completing a technical certificate, two-year degree or four-year degree.
