

Calculators for Testing

PSAT (Oct. 19th) & SAT (Mar. 2nd)

Students will be allowed to bring a calculator from home, but it **MUST** meet the CollegeBoard Requirement and used only on sections that allow for it. Students will be given a calculator to use if they do not supply their own.

Students bringing a calculator must have it approved by their testing teacher (Advisory Teacher) prior to the test to make sure it meets the requirements.

Acceptable Calculators

All scientific calculators are acceptable.
Any four-function calculator can be used.
The following is a list of approved calculators.
